Functional Skills Mathematics
Level 2 sample assessment

Sample paper 1

These materials relate to the assessments that will be in use from September 2015

Candidate Name (First, Middle, Last)

Candidate enrolment number

DOB (DDMMYYYY)

Candidate signature

Assessment date (DDMMYYYY) Centre number

Length of assessment:
2 hours

You should have the following for this assessment

- a pen with black or blue ink
- a pencil and eraser for graph/diagram work
- a 30cm ruler
- a calculator

- You may use a dictionary.

General instructions
- There are 3 tasks to complete.
- Each task is worth 25 marks.
- You should spend an equal amount of time on each task.
- Read through each task carefully.
- Show your working out. You may get marks for it.
- Check your calculations.
- Remember to put units on your answers.
- Write all working out and answers in this booklet.
Task 1  Cycle hire

There are 25 marks available for this task.
You should check all your work as you go along.

Introduction
This task is about a cycling holiday.

You need to hire suitable cycles and child seating for **four** adults and **two** children for 7 days.

One of the children is 3½ years old and weighs 3 stone.
The other is 18 months old and weighs 25 pounds.

You need to investigate how much it will cost.

---

**Bert’s Bikes Cycle hire pricelist**

<table>
<thead>
<tr>
<th>Type of cycle and child seating</th>
<th>Suitable for</th>
<th>Hire cost per day</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tandem</td>
<td>2 adults not suitable for child seats or trailers</td>
<td>£22.50</td>
</tr>
<tr>
<td>Adult cycle</td>
<td>1 adult</td>
<td>£14.50</td>
</tr>
<tr>
<td>Child cycle</td>
<td>4 – 12 years old</td>
<td>£6.00</td>
</tr>
<tr>
<td>Child seat</td>
<td>a child up to a weight of 18kg</td>
<td>Free</td>
</tr>
<tr>
<td>Trailer</td>
<td>1 or 2 children up to a total weight of 35kg</td>
<td>£17.50</td>
</tr>
</tbody>
</table>

**Children under 4 years old must be seated in a child seat or a trailer. Cycle hire centres need to know the ages and weights of children under 4 years old.**

1 stone = 14 pounds
1 kilogram = 2.2 pounds
1A
You need to decide from which centre to hire suitable cycles and child seating for the four adults and two children for 7 days.

Plan how to solve this task. Write down your plan, including the steps you will use.

<table>
<thead>
<tr>
<th>Type of cycle and child seating</th>
<th>Per day</th>
<th>Per week (7 days)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tandem (not suitable for child seats or trailers)</td>
<td>£26.50</td>
<td>£175</td>
</tr>
<tr>
<td>Adult cycle</td>
<td>£15</td>
<td>£70 per week</td>
</tr>
<tr>
<td>Adult cycle Special Hire Offer</td>
<td>2 Adult cycles for £20 per day or £90 per week</td>
<td></td>
</tr>
<tr>
<td>Child cycle 4 – 12 years old</td>
<td>£8.50</td>
<td>£50</td>
</tr>
<tr>
<td>Children under 4 years old must sit in a child seat or a trailer</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Child seat for a child up to a weight of 18kg</td>
<td>Free</td>
<td></td>
</tr>
<tr>
<td>Trailer for 1 or 2 children up to a weight of 35kg</td>
<td>£15 per day</td>
<td>£99 per week</td>
</tr>
</tbody>
</table>
1B
Carry out your plan to investigate the costs.

Show your working. You should check your work as you go along. Write down one of your calculation checks.

Check

(11 marks + 2 check marks)
1C
Draw a table to present your results and compare the costs of hiring what you need from Bert’s Bikes with the cost of hiring from Go Bike.

<table>
<thead>
<tr>
<th>Centre</th>
<th>Reason for centre</th>
<th>Reason for selecting cycles and child seating</th>
</tr>
</thead>
</table>

(4 marks)

1D
Decide which centre you will hire from.
Give two reasons for your choices of centre and of cycles and child seating.

Reason for centre

Reason for selecting cycles and child seating

(2 marks)
1E Reviewing your work
You need to review how well you did the task.

Think about…

- how your plan and methods worked
- how sensible your answers were
- anything you found difficult
- things you might do differently if you had to tackle a similar problem
- any other information that you would have liked

Explain three of the most important points.

(3 marks)
Task 2  Landscape garden

There are 25 marks available for this task. You should check your work as you go along.

Introduction
This task is about planning a garden with a summerhouse.

You work for a landscape company. A customer wants a summerhouse, some decking and a lawn.

2A What are the dimensions of the decking? Show your working.

<table>
<thead>
<tr>
<th>Length</th>
<th>Width</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

(4 marks)
2B
The customer wants the decking and summerhouse to be in the top right hand corner of the garden. The doors must face south.

You have a sketch of the customer's garden.

Draw a scale plan to show the outline of the customer's garden. Add the decking and summerhouse to scale on your plan.

Use a suitable scale.
Label your diagram.

**Use the graph paper on the page opposite.**

(10 marks)
2C
You need to show a check of how you used the scale in 2B.
Explain how you know one of the lines on your diagram is the correct scaled length.

Write your check here.

(2 marks)
2D
The customer wants the rest of the garden to be a new lawn. You need to buy enough grass seed.

Formula for working out grass seed

\[ W = \frac{r \times A}{1000} \]

Where
- \( W \) = weight of grass seed needed (in kilograms)
- \( r \) = amount of seed to use (in grams per square metre)
- \( A \) = area of new lawn (in square metres)
Work out the **cheapest** way to buy the grass seed you need and its total cost.

Show your working.
Task 3  Hotel review

There are 25 marks available for this task.
You should check your work as you go along.

Introduction
This task is about comparing the performance of two hotels, Blues Hotel and Giltspur.

Every month the owner reviews how well the hotels are doing.

3A
Both hotels send information from customer surveys.

Here is an example of a customer survey.

The Blues Hotel
Hitting all the right notes

Customer Survey

Thank you for choosing to stay with us. We hope you enjoyed your stay. Before you leave please complete this survey form. All completed forms go into our free prize draw for Blues Hotel customers.

Thank you for your time – Good luck in the prize draw!

Survey reference: Number 17
Every month there is a prize draw for customers who complete the survey. One customer will win the prize. Last month, 20 customers completed the survey.

What chance does the customer, Bradley Handbury, have of winning the prize for last month’s Blues Hotel survey?

Draw a probability scale to show your answer.

Show your working.

</table>

Work out the ranges of the ratings for each category.

Explain what your ranges show.

Show your working.

Ranges for:
- Service
- Staff
- Cleanliness

Explanation

(4 marks)

3C
Choose one of your calculations in 3B to show a check.
Check it by a different method to the one you used originally.

Write your check here.

(2 marks)
3D
Work out a suitable average for the ratings for Service and for Staff at the Blues Hotel last month. Explain why the average you used is the most suitable.

Tick the average you will use  
Mean [ ] Median [ ] Mode [ ]

Show your working.

Service ___________________________________________

Staff ___________________________________________

Explanation for your choice of average

(5 marks)

3E
Work out the percentage of customers who rated the Blues Hotel as Good or Very Good for Cleanliness last month.

Show your working.

%  

(3 marks)
3F
The owner also wants to know if the performance of the hotels is improving.
You use all the results for the year to find the overall customer satisfaction for each month.
This chart summarises your results.

Draw two trend lines (lines of best fit) on the graph, one for each hotel.
What do the trend lines tell you? Make one comment about each hotel.

Blues Hotel comment

Giltspur Hotel comment

(4 marks)
3G
The owner says that the Giltspur Hotel is performing much better than the Blues Hotel.

Summary of survey results from the Giltspur Hotel for last month

<table>
<thead>
<tr>
<th>The Giltspur Hotel</th>
</tr>
</thead>
<tbody>
<tr>
<td>On average our customers rate us as:</td>
</tr>
<tr>
<td>Service - Good</td>
</tr>
<tr>
<td>Staff - Good</td>
</tr>
<tr>
<td>75% of our customers rate the hotel as Good or Very Good for Cleanliness.</td>
</tr>
</tbody>
</table>

Compare the results for the Blues Hotel survey with the Giltspur Hotel survey to decide if the owner is correct.

Make **three** comments to support your decision.

<table>
<thead>
<tr>
<th>Is the owner correct?</th>
<th>Yes</th>
<th>No</th>
</tr>
</thead>
<tbody>
<tr>
<td>Comments</td>
<td></td>
<td></td>
</tr>
